

NASTF Education Committee Special Meeting for 3rd Party Access to OEM Training Resources
By Conference Call, Wednesday, Aug 17, 2016

Meeting Summary

ATTENDING:

Jill Saunders, OEM Co-chair
Rob Morrell, Independent Co-chair
Craig Johnson
Jason Kozak
Luke Murray

Gerard Tonno
Ginny Whelan
Skip Potter, Exec Dir

Saunders convened the meeting at 11:02am (ET) and roll call was conducted.

Saunders led a discussion to redefine the “Guidelines” project. The committee agreed that the problem to be addressed is developing an avenue for contact by 3rd party trainers to specific OEMs for the purpose of discussing and negotiating access to an OEM’s existing training materials for use in that 3rd party’s training content.

The strategy for proceeding with this project is two-fold:

1. Develop text for a generic request by NASTF to all OEMs asking for
 - a. a contact name/email/phone
 - b. indication of types/categories of resources which may be available
2. Determine the appropriate distribution method for NASTF’s initial contact of the OEMs

ACTION ITEMS:

1. Participants in the call are to contribute their “text” ideas sent to Potter by midnight ET, 8/24/16
2. Potter will contact John Saia and (or Dave Milne/ATMC) to determine if the OEM Education Roundtable may be appropriate for involvement in this process.

The meeting was adjourned at 11:52am (ET)
