Jaguar Reprogramming Matrix

Date: 05 June 2013

Please note that all quoted year ranges are against manufacturer build dates and not market launch date - a tolerance of 1 model year should be applied

Dealer Equipment Capabilities versus Information Availability

* Requires a modification to the J1962 connector for J2534 programming
For pre 04MY vehicles if dealer equip = Y but H/W and S/W info = N then support is provided via a lease scheme

Make/Model	Year Range	System Description	System Name	Dealer equip #	Configuration (ECU setup)								Reprogramming (ECU flashing)
